SERIES

Spring 2022

The Earth-Kind Program emphasizes the use of environmentally friendly management practices for landscape design and maintenance. The goals are to conserve water, energy, and reduce the use of pesticides and fertilizers while producing beautiful landscapes.

Tarrant County Master Gardeners are providing Earth-Kind programs twice a month on Saturdays at the Master Gardener Demo Gardens. **Please Join us at 1801 Circle Dr. Fort Worth, TX 76119 from 10am-12pm.**
